

Certificate General Education

PURPOSE: The General Education Certificate is designed as an intermediate step on the student's progress toward a two or four-year degree. This certificate is awarded as recognition of completion of a core of specified general education requirements in the associate degree program. The associate degree is the gateway for transfer to a senior institution through one of many articulation and guaranteed admission agreements currently available to MECC students

PROGRAM REQUIREMENTS: : Entry into the program requires the satisfactory completion of four (4) units of high school English, two (2) unit of high school algebra, one (1) geometry, one (1) unit of laboratory science, and one (1) unit of social science or their equivalent.
